KXA AND THE HOMECOMING PARADE

## The Latest, the Greatest, and the Goodness of God!

Merry Almost Christmas! (and Happy Thanksgiving!) What a sweet time of year filled with food, family, and the reminder of our King's birth!

Christmas, while an exciting time for many, also means many of us current members are coming up on finals... In the midst of a chaotic season, we would love prayers for peace of mind, productive studying, and reminders of our identity not in grades, but in God!

Lots of exciting things in the works for KXA: Sing auditions, our alumni event, upcoming formal, and one more recruitment event! All in all, fall tends to be a busy semester for our girls! Christmas break is soon to come!

Something on my mind has been the absolute necessity of keeping Christ at the center in the midst of a busy season. Having just finished a Bible study on contentment, I want to share some good scripture

that is filled with good reminders. It comes from John:

*"In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. All things were made through him, and without him was not any thing made that was made. In him was life, and the life was the light of men. The light shines in the darkness, and the darkness has not overcome it"*  
John 1:1-5

Let this be a reminder that this season is not marked by gifts or good food, but by Christ!

It has been such a sweet joy to collect memories for this next edition of The Fleece, and I hope you enjoy this read!

# Discipleship

Something I have seen interest in, both from members and alumnae, is mentorship. As women in college and in our early twenties, we are still figuring so much out!

If you feel called to mentorship, whether doing a Q&A over Zoom, meeting with girls over coffee, or just sharing your number as a person to contact, we would *love* to have you.

Many of our girls are hoping to find someone in their field of interest that they could ask questions to, seeing how they utilize faith in their jobs, with their families, and in general as an “adultier” adult!

To get a better idea of what this looks like for you, I created a form that will allow me to set up what this would look like for you. I attached it as an embedded link to the right, and invite you to check it out, even if you are unsure if this is something you have time to commit to!

Even if you are unsure if this is something you are interested in, I ask that you prayerfully consider biblical mentorship, your own spiritual fruits, and the gifts that God has blessed you with.

## FROM AN ADVISOR

With a tenure of 30 years serving KXA, Bethany McCraw has likely touched many of your lives. In May, Bethany stepped down from her advisor role and I have had the honor of serving as an advisor since then.

I was a member of KXA from 2009-2012 and have enjoyed being back in the KXA world. I have had to dust off the lyrics of Take Each of Our Hearts in my brain and am enjoying witnessing and learning new traditions and getting to know the members.

It has been special to be reminded of my own KXA memories- sisterhood retreats, late night SING practices, walking in the Homecoming Parade, being loved and cared for when I experienced loss, birthday celebrations, Big Sis Reveals, and so many more. The women of KXA impacted my life so richly and deeply, and I am so glad to be reminded of that as I serve as an advisor. May you be reminded of sweet KXA memories of your own as you look through old photos, message a KXA sister, hear a certain song, or drive through Waco.

Blessings,

A handwritten signature in black ink that reads "Katherine M".

## Lineage Love

3 generations of Bigs/Littles enjoying Baylor some Baylor football. This lineage goes to nearly every game together. (From left to right: Halle R, Sydney B, Molly M, and Becca L)

## Hoco Court

Our very own president, Peyton Mann had the wonderful chance of being selected for Baylor's Homecoming Court! Not only did look stunning, she represented the heart, service, and Christ-like attitude of Kappa Chi Alpha.

## Mom's Day with KXA!

Abby G and her mom at "Mom you're Soda-lightful" mom's day event! We rented out the Dr Pepper museum, got floats, and spent the morning exploring downtown! Fun fact: Dr Pepper was originally marketed as a "brain tonic" and "energizing" drink.

## Sisterhood!

The sisterhood retreat this semester was a fall festival-themed event with pumpkin painting, games, snacks, and family competitions! Here's Kylee H with her pumpkin!

# Service and Sisterhood in the Baylor Bubble

## Service Spotlight

This year, for Baylor's semesterly Steppin' Out, KXA was assigned to trimmin' trees and paintin' houses at *Creekside Community* by Mission Waco! Modeled after the *First! Village* in Austin, Creekside is a neighborhood of tiny homes geared at being affordable for people experiencing homelessness. Housing alone will not end homelessness, but community will. The

goal is to provide permanent housing by keeping people off the streets and in community. KXA was delighted to serve in this way, clearing brush for construction and painting one of the first houses on site. Furthermore, KXA hopes to partner with Creekside in the future, as Mission Waco is our philanthropy. If you want to learn more about Creekside, click [HERE!](#)

## Alumni Meet up: *Ivory Hour!*

Our second year in a row doing an alumni event! This one was an absolute hit with snacks, drinks, and a Kendra Scott pop-up! We have the chance to set our traditions box and be reminded of some of the sweetest memories KXA has to offer. If you're sentimental like me, this is always one of my favorite parts! Seeing the names from older members, scrapbooks of pictures from before I was even born (some shared above), and, of course, the bra of support, ha! Something I noticed this year that I had not

before was the little needle-felted lamb that was hand-made by an earlier member. It felt like such a special moment to know that some college girl, years before me, felt the need to make something so small and sweet, leaving it with KXA for the next number of generations to hold and enjoy. The "Ivory hour" (as the event was called) was such a lovely time to connect with generations of KXA women, and I hope to see more of y'all next year!
